COMPUTER SCIENCE ENGINEERING STUDENT

Motivated student looking for a summer internship, ready to collaborate in mini projects in order to gain more experience.

ABOUT ME .

Junior Full Stack Developer

I am a final-year Computer Science Engineering student with a focus on Full Stack Development. With expertise in both frontend and backend technologies like Java, Spring Boot, and React.js, I am eager to take on a Full Stack Developer role, where I can contribute to building scalable, user-centric applications. Passionate about problem-solving and innovation, I thrive in dynamic, collaborative environments.

SPRING BOOT PROJECTS
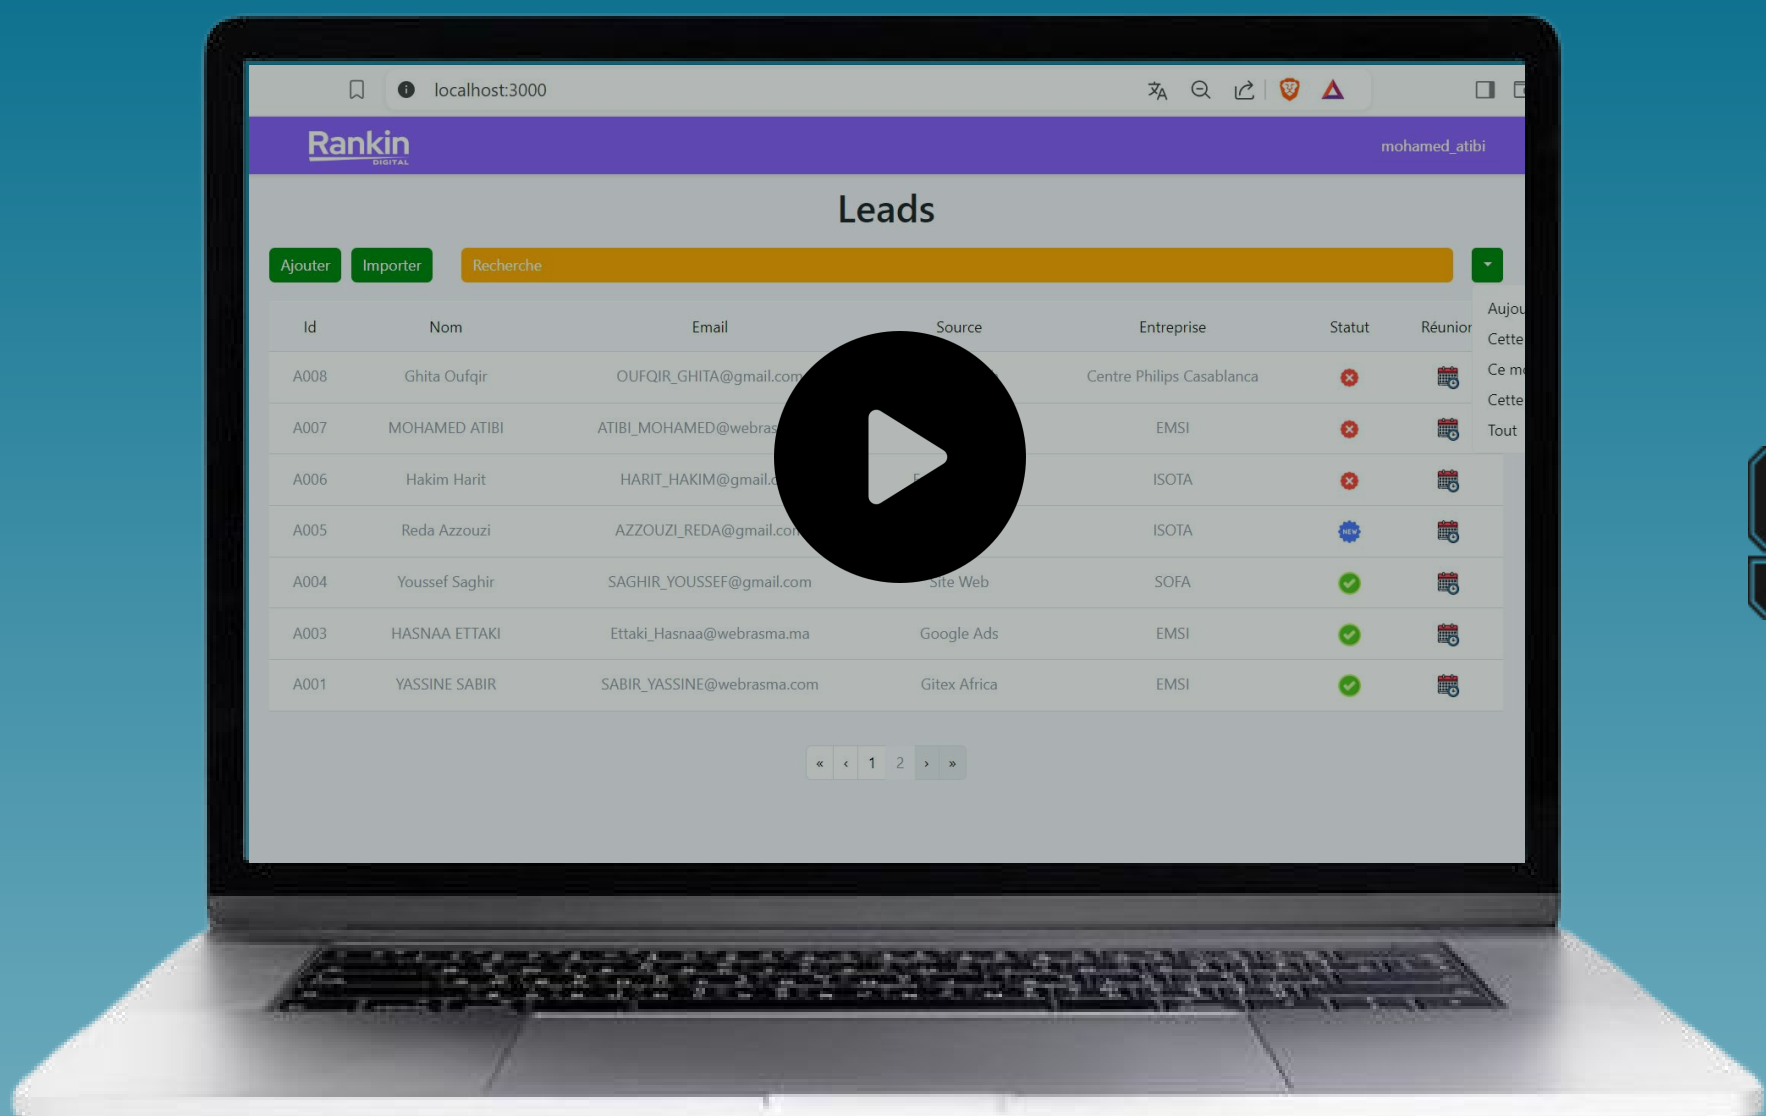

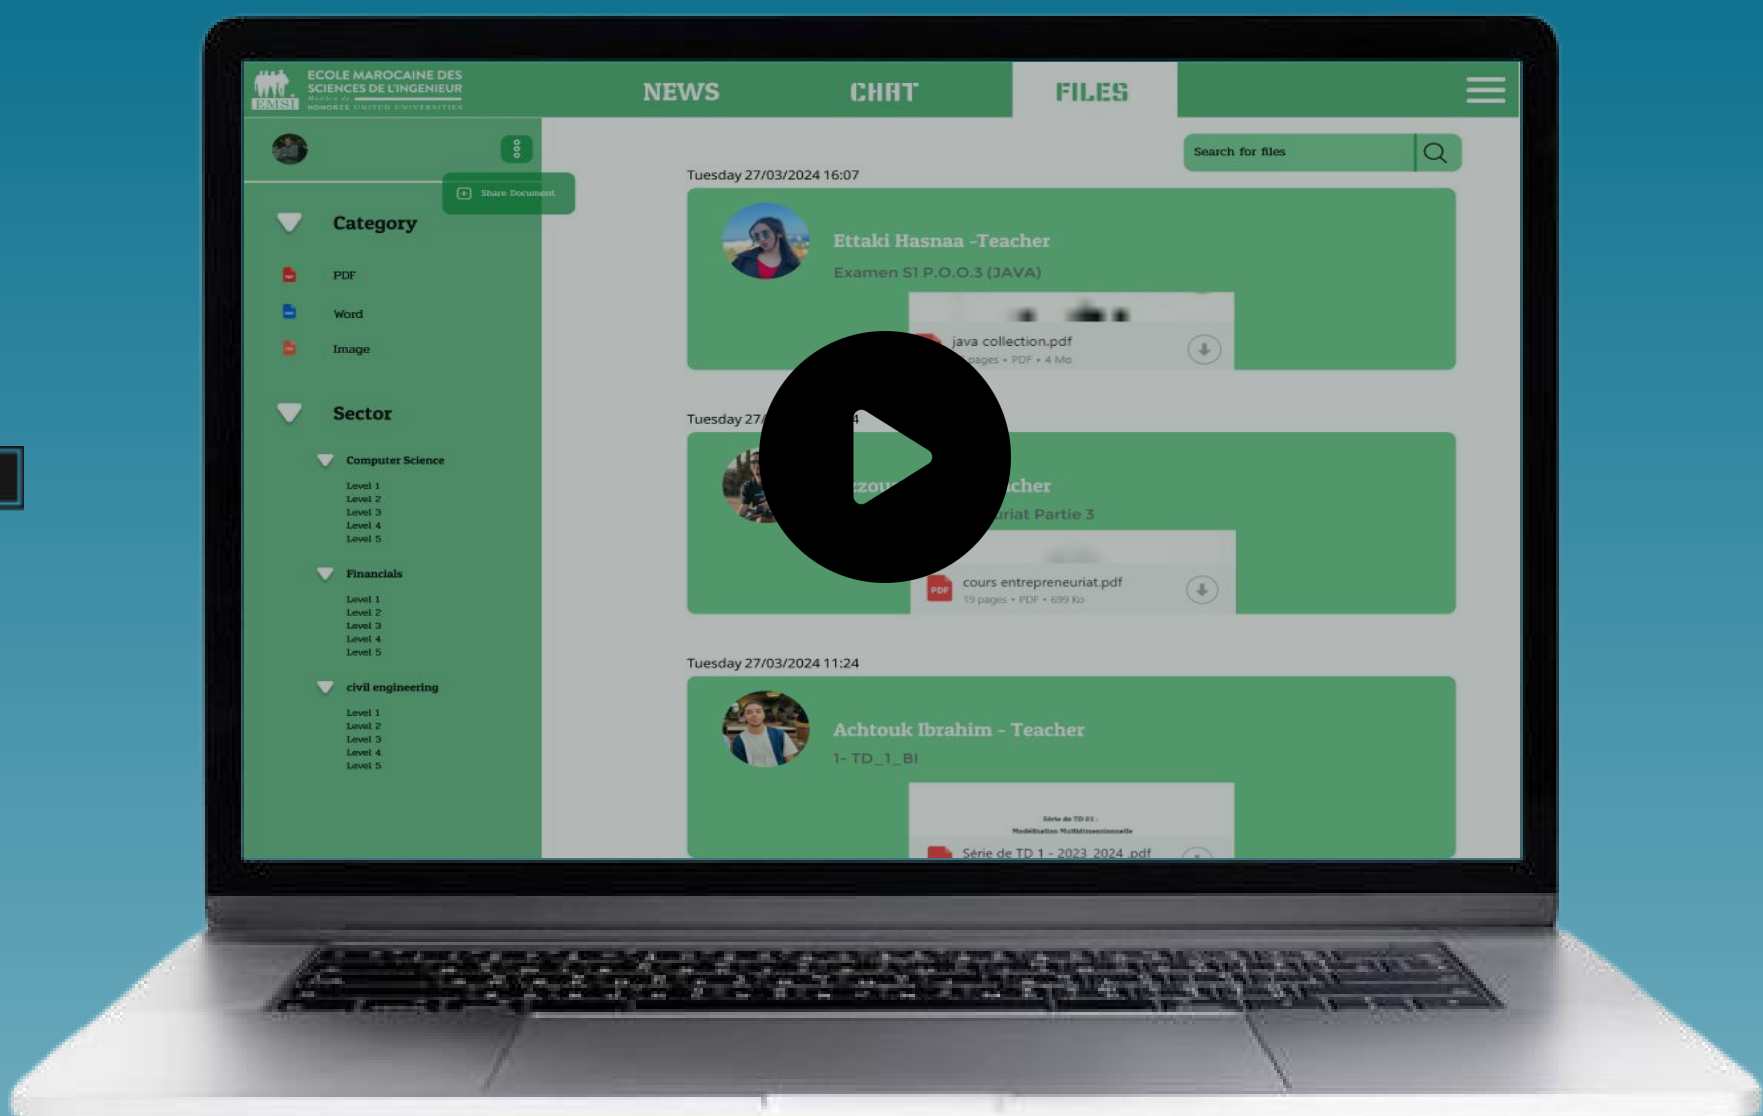

Creation of a mini CRM for RankinDigital, using Spring Boot and React.js, as part of the EMSI IT Summer Competition.

A digital platform for exchanging documents, courses, announcements and discussions in real time.
